I needed some new curtains for my flat. The team at David Phillips were great. Amy Briggs, who handled my order, was superb! Very polite, super engaging, always prompt in answering my queries and making sure I was looped in to the process and kept up to date on the installation. When the date for the installation was nearer, she was very responsive to my questions and queries. The service and attention to detail was excellent; the curtains turned out fabulously! Wouldn't hesitate to engage with David Phillips again should I need any drapes /curtains.
